EXPERIENCE

Portfolio Website

📅 -

📍 Cracow

- **Technologies:** Angular, Typescript, Sass, RxJs, Git.
- **Content:** The website has been designed to serve as an interactive demonstration of my frontend web development skills. Deeper dive into its features can be found in the "projects" section of the website.
- **Available at:** <https://marekochocki.github.io/>

Frontend Web Developer

Nokia Corporation

📅 3 years

📍 Cracow / Remote

- **Configuration Management Application:** Collaborated with a team of 15 frontend developers, resulting in a successful development of an Angular-based web application for management of configuration for base transceiver stations.
- **E2E Test Lead role:** Tasked with improving E2E test stability. Developed an automated testing framework that reduced false negatives, enhanced error reporting, and simplified test creation.
- **Employee Management Application:** Developed internal web tool for managers to improve managing employees in Nokia teams infrastructure. The project heavily relied on Nx monorepo and NgRx technologies.

Junior Web Developer

Silvermedia S. A.

📅 8 months

📍 Cracow

- **Fullstack Development:** Implemented features in an ERP Web Application Innergy. Client side application was based on AngularJS framework with .NET used for backend.

EDUCATION

Computer Science

AGH University of Science and Technology

📅 2016 - 2021

📍 Cracow
